Experience

- **GENPACT** *Dec 2024 – May 2025*
  Process Developer
  – Streamlined SAP VIM invoice workflows, processing 10K+ transactions/month with 99% accuracy and 15% fewer discrepancies.
  – Created aging reports, supported month-end closures, and prepared reconciliations.
  – Contributed to P&L analysis, reconciliations, and close processes, supporting decision-making and audit readiness.
  – Automated Power BI dashboards for variance analysis and spend tracking, cutting month-end reporting cycles by 2 days.
- **KIA MOTORS** *Oct 2023 - Nov 2024*
  Junior Financial Analyst (Accounts Executive)
  – Conducted detailed analysis of vendor payments and cash flow trends to support liquidity management and optimize working capital utilization.
  – Prepared and presented monthly financial reports and variance analyses, identifying cost-saving opportunities that improved cash flow by 12%.
  – Strengthened internal financial controls and optimized vendor payment cycles, reducing discrepancies by 15%.
  – Collaborated with finance and procurement teams to maintain audit-ready records and support monthly closing activities.

Projects

- Investment Screening & Valuation Project–TRENT LTD| *Mar 2025 - Apr 2025*
  – Developed three-statement financial models and conducted DCF and relative valuations (P/E, EV/EBITDA, P/B, PEG).
  – Prepared investment memos summarizing thesis, risks, and valuation
  – Conducted commercial due diligence using industry and competitor analysis
- IPO Analysis Project – Urban Company | Aug *2025 - Sep 2025*
  – Analyzed Red Herring Prospectus (RHP), industry peers, and competitor landscape to assess investment potential.
  – Conducted IPO pricing vs fair value analysis and tracked grey market premium vs listing price.
  – Delivered a pitchbook-style IPO analysis, emulating Investment Banking analyst outputs for decision-making.
