PROFILE SUMMARY

Analytical and detail-oriented B.Com graduate with internship experience in ESG research at Maybank Investment Banking Group. Skilled in financial analysis, company valuation, and equity research methodologies. Eager to leverage data-driven insights and strong analytical skills in entry-level roles such as Equity Research Analyst or Investment Banking Analyst.

EDUCATION

Bachelor of Commerce (B.Com)
Bhavans College, University of Mumbai
Graduation: May 2025

PROFESSIONAL EXPERIENCE

Maybank Investment Banking Group – ESG Research Intern *Jan 2024 – Oct 2024* -

- Analyzed ESG performance of 25+ ASEAN region companies using MSCI and Sustainalytics frameworks.
- Created company briefs and summary sheets highlighting environmental and social risks.
- Highlighted several key trends in terms of emissions, emission intensity, usage of RE, climate targets, workforce diversity, board independence, sustainability governance, sustainability linked to remuneration, and more, enabling quicker, data-driven decisions for investment teams.
- Assisted in presenting summary reports of proprietary ESG scores across companies and sectors, improving senior management's ability to benchmark ESG risks and opportunities.

PROJECTS & TRAINING

Netflix Valuation – Financial Modeling Project -

- Worked on a pre-structured 3-statement financial model for Netflix using Excel.
- Applied formulas to link income statement, balance sheet, and cash flow data to understand the integrated model flow.
- Performed basic revenue forecasting and DCF-based valuation to estimate intrinsic company value.
- Gained exposure to practical aspects of financial modeling and valuation used in equity research and investment banking.
