Recent IPO Updates:

- GREW Solar plans FY27 public issue after scaling cell/module capacity and capex; recent funding strengthens expansion and balance-sheet for listing readiness.
- Manipal Hospitals prepares DRHP for a $1 billion January IPO, targeting a $13 billion valuation as Temasek-backed chain's landmark hospital sector listing.
- Indian Gas Exchange (IGX) board approves IPO process initiation to unlock shareholder value amid growing energy trading platform demand.
- Meesho IPO subscribed 2.4 times on day 1. Raised Rs 2,440 cr from anchors like SBI MF, BlackRock; Rs 5,421 cr issue values firm at Rs 50,000 cr.
- Dialysis services provider NephroPlus (officially Nephrocare Health Services)is ready for its upcoming ₹871.05 crore IPO, opening December 10.
- The Logiciel Solutions IPO, a ₹39.90 cr issue, saw an overall subscription of 1.61 times as of December 2, with allotment expected on December 3 for its BSE SME listing.
- IPO-bound InMobi Technologies, the SoftBank-backed mobile ad firm, raised $350 million in new debt from Varde Partners, Elham and SeaTown, mainly to fund a share buyback.
- Anthropic plans an IPO preparation as early as 2026 runs parallel to a private round that may value the AI firm above $300 billion, reflecting investor appetite for large-scale foundation-model players.

P.E. & Funding Updates:

- JFE Steel to invest ₹15,750 crore for 50% in JSW's Bhushan Power & Steel business, forming a JV to expand high-grade steel capacity in Odisha.
- Subscription-based furniture firm Furlenco secured Rs 125cr led by Sheela Foam (Sleepwell parent), with Whiteoak and Madhu Kela; funds target omnichannel expansion, new cities, product development and IPO readiness.
- Seattle-based Yoodli raised $40M in Series B led by WestBridge Capital, proceeds expand AI communication coaching for enterprises like Google and Snowflake.

- Bengaluru's all-day apparel brand ReplyAll got Rs 6.8 cr maiden round led by Sparrow Capital and Antler India; capital boosts product pipeline, technical textiles and national market footprint.
- MoonRider secured $6 million and Core.Ops AI raised $3.5 million in new funding rounds, reflecting continued investment activity in the technology and AI startup sectors.

Business & Economic Updates:

- New leases, capex and auto–electronics–renewables investments are driving industrial/warehouse demand, with developers expanding Grade-A parks near emerging manufacturing hubs.
- Foreign investors sharply accelerated equity selling in early December, withdrawing more than twice November's net outflows, driven by risk-off cues and global rates.
- Latest PMI shows robust expansion in services, with new orders, export demand and business confidence supporting employment and output momentum in India.
- S&P Global lifts India's insolvency regime to Group B from C, citing higher recovery values, quicker resolutions and stronger creditor-friendly IBC framework.
- CEA stresses resilience in growth, moderate inflation and current account, highlighting healthy FDI inflows despite periodic portfolio outflows.
- Rising global fertiliser and crude prices threaten margin pressure for FMCG firms, potentially leading to selective price hikes or grammage cuts.
- Campaigns fronted by women sportspersons in India deliver multiple-fold growth in online engagement and e-commerce traffic for sponsoring brands, boosting sports-marketing ROI.
- Industry body expects India to become top market by volume and key growth driver by value, aided by rising incomes and premiumisation despite high duties.
- Electric two-wheeler registrations cross 1.18 million, driven by urban adoption, state incentives and expanding product range from startups and incumbents.
- Regional hospitality brands accelerate entry and expansion in Indian metros and tier-II cities, betting on tourism rebound and business-travel growth.
- Refiners plan another term LPG purchase from US suppliers to diversify sources, secure better pricing and support rising household, industrial LPG demand.
- The commerce minister warns firms against complacency on supply-chain resilience, urging diversification, near-shoring and risk planning after recent global disruptions.
- Central bank clears appointment of Vikram Sahu to head Bank of America's India operations, signalling continuity in expansion of wholesale and institutional business.
- The rupee crossed ₹90 against the dollar, extending its almost 5% drop this year due to persistent FPI selling and a slowdown in FDI, despite strong GDP.
- IndiGo cancelled over 300 flights in two days, with its on-time performance dropping to 35%, due to a pilot shortage following the enforcement of new, stricter FDTL norms.
- The Ministry of Communications revoked the proposal for mandatory pre-installation of the Sanchar Saathi app on mobile phones, citing the app's growing voluntary acceptance by users.

- Despite specific market volatility, India's core macro fundamentals are reportedly intact, with the FDI landscape shifting from net outflows to a net inflow position.
- East Asian companies from nations like Japan, Korea and Taiwan are increasing their presence in India, especially in the technology, manufacturing and food sectors.
- OpenAI is in advanced talks with TCS to build AI compute infrastructure and co-develop agentic AI solutions in India, positioning the Tata Group as a key partner.
- Foreign Portfolio Investors (FPIs) withdrew a net $933 million from Indian equities in the first three days of December, which is more than double the net outflow seen in all of November.
- Affluent investors from smaller cities increasingly allocate to aggressive PMS strategies, chasing higher alpha amid market rally and wider distribution by wealth platforms.
- Cybersecurity major deepens India push via local partnerships, aiming to tap enterprise cloud-security demand and position itself as the default platform for large corporates.

Geopolitical Updates:

- Russian maritime players discuss investing in terminals, shipbuilding and repair capacity under India's port-led development vision.
- Ahead of President Putin's visit, Russia approved a Memorandum of Understanding (MoU) with India to deepen bilateral cooperation in civil nuclear energy, including small modular reactors.
- India and Russia are expected to sign a large number of deals during the upcoming summit, including 10 government-level agreements and 15 business-to-business contracts.
- India is planning to boost exports of pharmaceuticals, chemicals and engineering goods to the Russia-led EAEU bloc to help reduce the significant $59 billion trade deficit with Moscow.
