SUMMARY

I am a passionate Frontend Developer with hands-on experience in building responsive and dynamic web applications using HTML, CSS, JavaScript, React.js, and Tailwind CSS. I excel at translating UI/UX designs into clean, functional code and focus on optimizing web performance. Eager to grow into a Frontend Developer, I aim to contribute to innovative projects through strong problem-solving skills and effective team collaboration.

EXPERIENCE

Frontend Developer (Internship)

Enticing Solution Pvt. Ltd

06/2025 - 12/2025 New Delhi, India

A company specializing in web development and design solutions

- Developed **responsive, cross-browser compatible web pages** using **HTML5, CSS3, JavaScript, and Tailwind CSS**.
- Collaborated with **UI/UX designers** to enhance the **usability and performance** of the interface.
- Assisted in **bug fixing** and implemented improvements for **web accessibility** and **page load speed**.
- Utilized **Git and GitHub** for **version control** and **team collaboration**.
- Leveraged **AI tools** to improve **workflow efficiency** and **code optimization**.

PROJECTS

E-Commerce Website

10/2025 - 11/2025

Developed a fully responsive e-commerce web application that allows users to browse products, add them to a cart, and complete checkout. The platform provides a seamless and dynamic shopping experience with modern UI/UX and efficient state management.

- **Product Listing & Filtering:** Displayed products dynamically using REST API data; implemented category-wise filtering and search functionality.
- **Shopping Cart & Wishlist:** Added real-time cart updates using Redux for state management.
- **Checkout & Payment Integration:** Created checkout pages and integrated dummy payment gateway (Stripe test mode).
- **Responsive Design:** Optimized for all screen sizes using Tailwind CSS and Flex/Grid layout.
