- India's fiscal deficit widened to Rs 4.68 lakh crore, or 29.9% of the FY26 target, driven by higher expenditure and strong non-tax revenue from RBI dividends.
- India's GDP grew 7.8% in Q1 FY26, driven by strong manufacturing, construction and services, beating estimates despite US tariff risks. Capital expenditure rose 52%.
- The government retains FY26 GDP growth at 6.3-6.8%, despite US tariff risks; expects easing tensions, low inflation, GST cuts, festivals, rains to support demand; exporters urged to diversify.
- Japanese firms signed 170+ MoUs, pledging $13bn, integrating Indian SMEs into global supply chains; boosting semiconductors, autos, steel, exports; hiring engineers; supporting rural green projects and jobs.

Geopolitical Updates:

- Japan will invest 10 trillion yen ($68 billion) in India over the next decade, focusing on AI, semiconductors, green energy, critical minerals, high-speed rail and economic-security cooperation.
- PM Modi in Japan emphasized that India and China must cooperate to stabilize the global economy, expressing readiness to advance relations based on mutual respect and interests.
