Recent IPO Updates:

- Generic drugmaker Hindustan Laboratories filed draft papers with SEBI for an IPO comprising 1.41 cr equity fresh shares and a 0.50 cr share OFS by promoters.
- Chartered Speed, an Ahmedabad-based passenger mobility firm, received SEBI's approval for its ₹855 cr IPO, which is a mix of ₹655 cr fresh issue and ₹200 cr OFS, aiming to fund electric bus acquisitions and repay existing company borrowings.
- India's 2026 IPO pipeline reaches ₹2.5 lakh cr, with over 190 companies, including mega-listings such as Reliance Jio, PhonePe and Zepto, poised to redefine the capital markets.
- SBI Funds Management is preparing a massive $1.4 bn IPO, appointing global investment banks to manage one of India's largest-ever asset manager listings.
- Simple Energy targets a $350 mn IPO in Q2-Q3 FY27, leveraging rapid revenue growth and domestic "Make-in-India" component sourcing to attract public market investors.

P.E. & Funding Updates:

- Bengaluru's Kayess Square raised ₹10 cr in pre-Series A funding led by Vakil Housing to attract senior talent and expand its financial and risk advisory.
- Chennai-based payment infra startup Mylapay secured $1 mn from Credit Saison and others to scale its unified acquiring platform and expand into the US markets.
- Subscription-based Even Healthcare raised $20 mn, led by Khosla Ventures, reaching a valuation of $91 mn to enhance its preventive managed care model in India.
- Used-car unicorn CARS24 acquired vehicle management platform CarInfo for approximately ₹400 cr to integrate documentation and compliance services into its core vehicle transaction ecosystem.
- iD Fresh Food received a ₹1,300 cr investment from Apax Partners, valuing the brand at ₹4,500 cr to accelerate domestic growth and international market expansion.
- Waaree Energy Storage raised ₹1,003 cr from strategic investors to establish a massive 20GWh lithium-ion cell manufacturing facility focused on energy storage and mobility.

Business & Economic Updates:

- Indian investment bankers earned a record $1.3 bn in fees in 2025, with Equity Capital Markets (ECM) contributing $656 mn amid an unprecedented IPO boom.

- Indian AI startups are resisting the Centre's proposal to take equity or convertible debt in exchange for IndiaAI Mission grants, fearing excessive government cap-table interference.
- Benchmark copper surged to a record $13,042 per ton due to a Chilean mine strike, dwindling global stocks and a massive US import rush.
- Jefferies led India's 2025 fee charts with $98.9 mn, followed by Morgan Stanley and JP Morgan, as global banks dominated high-value deal-making over domestic rivals.
- Zomato's CEO defended gig model flexibility amid debates on worker benefits, highlighting a 10.9% increase in partner earnings while resisting traditional full-time employment structures.
- Small Finance Banks led banking job creation in FY25 with 26,736 net hires, continuing the momentum in FY26 to scale distribution and universal banking goals.
- India is weighing a shift to Net Domestic Product (NDP) to align with UN SNA 2025, better accounting for asset depreciation and natural resource depletion.
- The Delhi government signed an MoU with the RBI to manage cash flows and access low-cost market borrowings for infrastructure projects like the Yamuna rejuvenation.
- The RBI injected ₹50,000 cr through Open Market Operations but rejected all bids for the 2040 bond paper due to aggressive, above-market pricing by banks.
- India's Finance Ministry plans to retain the 4% inflation target in March, viewing the existing framework as effective for price stability despite recent geopolitical shocks.
- Margin Trade Funding hit record highs despite tepid markets. Experts credit transparency and high-risk appetite among HNIs looking to amplify returns through regulated leverage options.
- New BEE energy norms effective January 2026 are set to hike AC and fridge prices by 5–10%, offsetting recent GST cuts and cooling seasonal demand.
- Tax experts predict the government will set realistic, conservative revenue targets for FY27, focusing on broadening the tax base rather than aggressive year-on-year growth estimates.
- Trai imposed a ₹150 cr penalty on telecom operators for failing to curb spam. The fine covers violations regarding complaint closures and inadequate action against spammers.
- Indian IT services expect muted revenue growth in Q3FY26. While margins remain resilient, overall growth stays sluggish due to global macroeconomic headwinds and cautious spending.
- Analysts suggest Reliance and ONGC may benefit from the US move in Venezuela, as lifting sanctions could provide access to discounted heavy crude, aiding margins.
- New RBI co-lending rules, effective January 2026, mandate 10% risk retention by each lender and blended interest rates to ensure transparency and better default tracking.
- The maritime lender seeks a ₹2,000 cr government capital boost to bypass RBI exposure limits and fund large-scale shipbuilding and port-led development projects across India.
- After completing massive electric bus tenders, Convergence Energy Services Ltd is shifting focus toward electrifying heavy-duty trucks to decarbonize India's commercial logistics sector.
- Avenue Supermarts (D-Mart) faces margin pressure as the rapid rise of quick-commerce platforms like Blinkit and Zepto disrupts its traditional low-price, bulk-volume brick-and-mortar model.
- Promoter offloading reached a record ₹1.5 lakh cr in 2025; however, recent market dips are now encouraging a strategic resurgence in selective promoter buying.

- The RBI has tightened governance for NBFCs, requiring board-level approval for significant loans to related parties to prevent financial contagion and improve transparency.
- Samsung Electronics announced a massive push to integrate generative AI across its mobile portfolio, targeting 800 mn AI-enabled devices globally by the end of 2026.
- The upcoming budget will outline a blueprint for municipal bodies to reduce grant dependency by tapping green bonds and improving local property tax collection.
- A high-level Indian delegation will showcase the "One Nation, One Voice" vision at Davos, focusing on sustainability, infrastructure and attracting global manufacturing investment.
- State Bank of India is operationalizing rupee-denominated trade settlements in Tel Aviv to bypass dollar dependency and facilitate smoother bilateral commerce and worker remittances.
- Despite interest rates reaching 8%, banks face a liquidity crunch as loan demand continues to grow faster than the pace of new household savings deposits.
- State-run ONGC is forming a joint venture with Japan's Mitsui OSK Lines to operate specialized ethane carriers, strengthening energy security and maritime logistics capabilities.
- India has eased visa restrictions for Chinese technicians and businessmen to support domestic manufacturing and supply chain integration.

Geopolitical Updates:

- Political unrest in Venezuela is being closely watched by Indian energy and pharma firms, as shifts in regional stability threaten to disrupt established global supply chains.
- Amid ongoing tariff friction with the US, India is accelerating trade deals with New Zealand, the UK and Oman to reduce dependence on American markets.
- President Trump threatened India with higher tariffs over Russian oil imports, citing national security and a $600 bn revenue goal, while pressuring access for US agriculture.
- The Indian Embassy hired US lobby firm SHW Partners to facilitate high-level meetings in Washington during "Operation Sindoor" and ongoing bilateral trade deal negotiations.
- Experts warn that further US tariffs could severely impact Indian exports, potentially forcing a "clean call" on Russian oil and accelerating diversification into alternative markets.
- President Donald Trump cautioned India of escalating trade tariffs if it continued its deep reliance on Russian oil, intensifying pressure on bilateral trade relations.
- The MEA issued a formal advisory for Indian nationals to avoid Iran due to heightened regional tensions and internal security concerns following recent geopolitical escalations.
