Recent IPO Updates:

- Zetwerk plans a $750 million IPO, managed by six banks, with a filing prospectus early next year to raise fresh equity for growth and sector expansion.
- Fractal Analytics secured SEBI approval for India's first AI-focused IPO, aiming to raise ₹4,900 Crore to support global expansion and R&D, valuing it at around $563 million.
- Sudeep Pharma's ₹895 crore IPO was oversubscribed 94 times on day 3, indicating strong investor demand.
- Helloji Holidays Ltd. is launching its IPO on Dec 12, 2025, worth ₹10.96 crores and will list on the BSE SME platform.
- Neochem Bio Solutions Ltd. launches its IPO on the NSE SME platform, worth ₹44.97 crores and the subscription will open on 2 Dec, 2025.
- Excelsoft Technologies Ltd. IPO raised ₹500 crore, SaaS firm listed with 12.5% premium on BSE and NSE. platforms.
- Astron Multigrain Ltd. IPO offers fixed price shares on BSE SME, funding machinery purchase, working capital and general corporate needs in instant noodles manufacturing.
- Speb Adhesives IPO, opening December 1, 2025, offers 60.24 lakh shares; a Mumbai-based company specializing in manufacturing rubber and water-based adhesives.

P.E. & Funding Updates:

- Husk Power Systems plans to raise $400 million in capital to expand solar mini-grids, double annual revenues and target IPO preparation by 2029.
- Morphle Labs, a cancer diagnosis startup, has raised $5M in its Series A funding round from Inflexor Ventures to enhance tech capabilities and expand its global footprint.
- Neo, a wealth and asset management firm, raised $25M in a follow-on round led by Crystal Investment Advisors, to scale product offerings, strengthen distribution and deepen its affluent-client advisory franchise.
- Blostem, a B2B banking infrastructure startup, raised pre-Series A funding, with Zerodha's Rainmatter acquiring a 9% stake, to expand distribution.

- ImmunitoAI secured $6.1 million in a Series A round led by pi Ventures, aiming to advance its AI-driven antibody treatment platform.
- LabelBlind, an AI-driven digital food labeling SaaS, has raised $500k in seed funding to accelerate development of its FoLSol platform and enhance capabilities for global regulatory compliance in food labeling.
- Mobavenue, a bootstrapped AI-powered digital advertising platform, plans to raise about ₹100 crore via a preferential issue.
- Zinit, an AI-powered fintech startup, has raised $8M in a seed funding round led by AltaIR Capital, with participation from early-stage investors.
- Riverline AI, a Bengaluru-based fintech startup, has raised $825k in a pre-seed round led by South Park Commons, aiming to build advanced reasoning models.
- Magenta Mobility, an electric mobility startup, is looking to raise $50 million to expand its EV logistics fleet and charging network.
- Delhi NCR's tech sector raised $2.4B in the first nine months of 2025, with late-stage funding surging 77% to $1.6B, driven by strong deals in auto tech, retail and enterprise applications.

Business & Economic Updates:

- India is launching export support schemes worth ₹45,060 crore for MSMEs impacted by US tariffs, including credit guarantees and market-access initiatives.
- India's first privately built PSLV rocket, manufactured by the HAL-L&T consortium, is set for launch in early 2026; more missions planned the same year.
- India's real estate market is projected to reach $1T by 2030, driven by strong housing demand, co-working expansions and rising investor interest in data centres and logistics.
- NPCI BHIM Services Ltd. launches UPI circle for delegated payments up to ₹15,000. This action is taken to make users trust the online payment app more, with a monthly limit.
- SEBI signed an MoU with the NFSU to strengthen its technological, investigative and forensic capabilities, including digital forensics, cyber security and forensic accounting, to enhance market regulation.
- SEBI has recommended doubling the upper limit for issuing duplicate securities without needing an FIR or newspaper ad, aiming to streamline investor services and reduce procedural hassles.
- Maharashtra's tech companies raised $2B in the first nine months of 2025, with early-stage funding exploding to $903M, a 69% jump from the previous year.
- ICICI's latest report projects India's GDP growth to reach 7.6% for the first half of FY26, driven by robust manufacturing, services and strong government spending momentum.
- The revenue generated by data centers in India is projected to grow substantially at an annual rate of 20-22% until the financial year 2028.

- The Indian CEA has stated that the country is on course to exceed $4T GDP in FY26, driven by robust economic growth and policy reforms.
- The Indian defence minister said the country has the potential to become a global hub for shipbuilding, repair and maritime innovation.
- Indian homegrown brands Campa and Lahori Zeera doubled their combined market share to nearly 15% YoY in January-September 2025 against Coca-Cola and PepsiCo.
- The Jan Vishwas Law 3.0 is underway, targeting the decriminalization of minor business offenses to improve the ease of doing business, announced by the Indian Commerce and Industry Minister.
- Chhattisgarh has secured investment proposals worth ₹6,826 cr, spanning industrial and tourism projects, at recent Investor Connect events attended by major sector leaders and officials.
- Incremental credit to India's commercial sector jumped 24% year-to-date, with total credit rising to ₹20 lakh cr by October 31, 2025, fueled by lower interest rates, tax relief measures and strong demand for market-based instruments.
- IMF signals possible reclassification of India's foreign exchange management reflecting increased rupee volatility and market interventions.

Geopolitical Updates:

- BEL and France's Safran launch a JV to produce HAMMER precision air-to-ground weapons for Indian forces, strengthening domestic defence manufacturing.
- Canada and India are close to finalizing a $2.8 billion, ten-year uranium supply deal, supporting India's nuclear energy needs and bilateral ties.
- India and the EU reaffirm their commitment to finalize a Free Trade Agreement by year-end, aiming to boost trade and resolve regulatory barriers.
- India seeks the removal of US oil tariffs before advancing trade talks as the 25% surcharge imposed during earlier disputes lacks current economic justification.
- Officials from the US and Russia held peace talks in Abu Dhabi to discuss a proposal to end the conflict in Ukraine, even as Russian forces continued heavy strikes on Kyiv.
