Secondary	Central Board of Secondary Education	89%	2018

Experience

- **GENPACT** *Dec 2024 – May 2025*
  Process Developer
  – Streamlined SAP VIM invoice workflows, processing 10K+ transactions/month with 99% accuracy and 15% fewer discrepancies.
  – Created aging reports, supported month-end closures, and prepared reconciliations.
  – Contributed to P&L analysis, reconciliations, and close processes, supporting decision-making and audit readiness.
  – Automated Power BI dashboards for variance analysis and spend tracking, cutting month-end reporting cycles by 2 days.

- **KIA MOTORS** *Oct 2023 - Nov 2024*
  Junior Financial Analyst (Accounts Executive)
  – Conducted detailed analysis of vendor payments and cash flow trends to support liquidity management and optimize working capital utilization.
  – Prepared and presented monthly financial reports and variance analyses, identifying cost-saving opportunities that improved cash flow by 12%.
  – Strengthened internal financial controls and optimized vendor payment cycles, reducing discrepancies by 15%.
  – Collaborated with finance and procurement teams to maintain audit-ready records and support monthly closing activities.

Projects

- **Equity Research & Valuation – Reliance Industries, HDFC Bank, Zomato | *Self-Initiated*** *Mar 2025 - Apr 2025*
  – Developed three-statement financial models and conducted DCF and relative valuations (P/E, EV/EBITDA, P/B, PEG).
  – Performed sensitivity analysis on WACC, margins, and growth assumptions to determine target prices and upside potential.
  – Made a 15-20 pages research report, Excel model, and PPT with BUY/SELL/HOLD recommendations, simulating professional equity research reports.
- **IPO Analysis Project – Urban Company | *Self-Initiated*** Aug *2025 - Sep 2025*
  – Analyzed Red Herring Prospectus (RHP), industry peers, and competitor landscape to assess investment potential.
  – Conducted IPO pricing vs fair value analysis and tracked grey market premium vs listing price.
  – Delivered a pitchbook-style IPO analysis, emulating Investment Banking analyst outputs for decision-making.
